“Mr. Speaker, running back-to-back fiscal deficits is manageable, but not something we plan to sustain.

“To continue adding necessary new programs and initiatives, we must question which programs we can eliminate, which costs we can reduce, and how we can raise new revenues.

“Departments and territorial corporations are developing the initiatives that will enable us to achieve our mandate. Some of the early actions will be supported by this budget. Others will be included in the business plans and budget for next fiscal year and within the term of this Assembly.”
